

Please make sure to print two copies of this waybill.
Put one copy on the box and one copy in the box containing your samples.

Waybill

W104405

Validation - Metagenomics (16S, 18S, ITS)

Send To

By Mail/Courier:

Centre d'expertise et de services Génome Québec
BC 4187
5750, Chemin Hudson
Montréal, Québec
Canada
H3S 2G5

In Person:

Note that the only possible access for courier services or in person is the CHU Sainte-Justine delivery dock open between 7:00 AM and 15:30 PM at the address above.

Leave the samples in the Génome Québec drop box at that location.
See the access plan below.

In order to comply with the distancing guidelines, we recommend that you do not bring samples in person.
Choose a courier service as much as possible.

Number of Plates/Tubes: 57

Number of Samples: 4491

Volume (min - 10 ul - 20 ul max):

Library Type(s): Metagenomics (16S, 18S, ITS)

Shipping Instructions

1. DNA samples should be shipped frozen on dry-ice in 96-well plate(s), either **Eppendorf twin.tec, Full Skirt, Cat# 951020401** or **Corning Thermowell GOLD, Full Skirt, Cat# 3752**.
2. Please, provide the waybill with your shipment.
3. The laboratory opening hours are from 8h00 to 15h30, Monday to Friday.
4. Avoid shipping samples on Fridays.

You should not go around the hospital.

Only members of the CHU-Sainte-Justine Research Center are authorized to do so via the bridge connecting them to block 7 then to room 6.7.31.
